SECRET - 2 -25X1A 25X1C 25X1X At about 10 a.m. on 3 November, 21 MiG-15s or U-MiG-15s were parked in front of the hangars and additional aircraft were observed near the take-off point. Between 2 p.m. and 4 p.m., on 30 October, no air activity was observed at the field although there was good flying weather. Between 1 p.m. and 3 p.m. on 6 November, no flight; were made and no swept-tack jet aircraft were observed parked in the revetments. There was a closed ceiling at an altitude of 1,000 meters and a visibility range of about 2 kilometers. Between 7 and 20 November, only little air activity was observed. Between 1 p.m. and 3:30 p.m. on 11 November, source observed that high-altitude flights were made. 1 5. On 6 and 20 November, six AA guns were observed in the AA guns emplacement in the southeastern corner of the field. 3 On 20 November, driver's training was given with eight trucks at the field. Since recently the sirfield has been guarded more strictly than during the preceding months. 25X1X Between 8:30 a.m. and 2:40 p.m. on 6 November, no air activity was observed at the field. No aircraft were identified at the field cutside of the closed hangars.1 25X1C 25X1C Commente Koethen airfield is still occupied by a fighter regi-25X1A ment which is believed to be equipped with 30 to 35 MiG-15s. 25X1 25X1C 25X1
